DEPARTMENT OF INFORMATION TECHNOLOGY

👁 Institute Vision

"To be globally acclaimed Institute in Technical Education and Research for holistic Socio-economic development".

ITVishwa

◎ Institute Mission

- To ensure that 100% students are employable and employed in Industry, Higher Studies, become Entrepreneurs, Civil / Defense Services / Govt. Jobs and other areas like Sports and Theatre.
- To strengthen Academic Practices in terms of Curriculum, Pedagogy, Assessment and Faculty Competence.
- Promote Research Culture among Students and Faculty through Projects and Consultancy.
- To make students Socially Responsible Citizen.

👁 Department Vision

"To provide student-centered state-of-the-art academically enriched environment for productive careers in the world of computing through creativity and innovation"

◎ Department Mission

- To promote aspiring ethically conscious engineers demonstrating sustainable employability and entrepreneurship.
- To impart quality education with the focus on analytical and problem-solving skill development.
- To foster inspired scholarly environment through active student-faculty participation in research and development resulting in new knowledge-base or insights.
- To prepare students to shoulder social responsibilities by application of their skill set for betterment of society.

💬 Message from HoD's Desk

"We are confident enough that our Engineers will emerge as assets not only to this institution and to the organization, but also to the country at an extent. Along with academic knowledge we also train our Engineers to face the challenges in life by providing many value added courses to enhance their career prospects. The excellent infrastructure, teaching faculty of the best kind ensuring quality education such as interaction among students, parents and staff, along with Training & Placement Cell ensuring a bright future to our students."

vCreaTek Consulting Services Pvt Ltd

info@vcreatek.com   ajmer . pune . dubai .

WHOMSOEVER IT MAY CONCERN

Date: 10th December 2018

This is to certify that Ms. Sushmita Rajendra Kaneri, 3rd Year student at Vishwakarma Institute of Technology, Pune (GR Number 172002), is working at vCreaTek Consulting Services Pvt Ltd, Pune. as Technology Intern since 6th July 2018.

Ms. Sushmita is a sincere, honest, hardworking, dedicated intern with a professional attitude and has a continuous desire to learn and know more. She has been working with us for past 6 months to build a web-based commodity trading platform using Blockchain technology for Smart Contracts and React JS, Node JS for UI Layer. Throughout this span she has been active part of the team along with her academic schedule. This firmly depicts her interest in working hands-on as well as dedication and proper time management.

Ms. Sushmita being a student is eager and ready to learn new technologies and grasp them to her best. She not only studied the technology but also shown capabilities to implement them in the current project. She shows active participation in any task of the team and regularly updates her work progress. Apart from technical skills she has good communication skill which is evident in collating and collaborating information within a distributed team to successfully complete the project milestones.

Ms. Sushmita is an enthusiastic, a resourceful professional and an asset to the organization.

Yours Sincerely,

Abhishek Rathi

Recommendation for "Practical Big Data Analytics" course

The semester-long weekend course on "Practical Big Data Analytics" offered by Vishwakarma Learning Labs, Vishwakarma Institute of Technology, Pune is a good choice for those who want to aspire career in the data analytics field. As the field is growing rapidly, there is a huge demand of workforce with these skillsets.

This course has a curriculum as per the current industry demands. Data analytics field being interdisciplinary in nature, the course covers core subjects like statistical analysis using R, big data analysis using Hadoop technologies, machine learning using R / Python. These subjects would be taught by industry experts and experienced academicians. Focus of the course is on conceptual understanding as well as hands on for acquiring insights into the real world case studies. Good performing students also get an opportunity for an internship/ placement with HEXANIKA Solutions Pvt. Ltd. or other relevant companies. Completing this course would definitely be a good beginning of the journey towards becoming a data scientist.
